

The Federation of Chambers of Commerce and Industry of Sri Lanka is calling on CACCI members to attend the SME Machinery Exhibition 2010 to be held in Colombo, Sri Lanka on 27-29 August 2010. The event is jointly organized by the Small & Medium Enterprise Developers (SMED), a technical arm of the Federation of Chambers of Commerce & Industry of Sri Lanka and the Friedrich Naumann Foundation, in collaboration with the Ministry of Industrial Development.

The main objectives of SMED are to strengthen the SME Sector and the organizations that support this sector, promote industrial growth, and generate employments. Themed “Technology for Rural, Micro and SME Development”, the Exhibition aims is to support the SME sector to enhance its technological capabilities so as to make itself as an efficient and competitive sector in the economy, and to prepare to play a role in the global market.

The SME Machinery Exhibition 2010 will display a wide range of machines including food processing machines, coconut processing machines, rice processing machines, lathes, presses, wire nail making machines, non-ferrous and ferrous casting facilities, plastic and fiber glass manufacturing equipment, safety equipment supplies, plastic and paper recycling supplies, welding equipment, coil processing equipment, wood working machines, CNC machines, earthenware manufacturing machines, small tile making machines, gem and jewellery machines, ornaments making machines and cosmetic making machines, among others.
